

Army War College Foundation

Print Finder Page Guidelines

- The Print Finder page on the Army War College Foundation website has been set up to help connect those looking to buy or sell an Army War College class print.
- Only Army War College class prints will be listed on the page.
- Only Foundation members may list a print for sale or obtain the contact information for a potential buyer.
- Nonmembers may inquire about purchasing a print that is listed for sale on the page and may also request that a specific print be listed on the page as “wanted”.
- Sellers and potential buyers agree to provide an email address where they may be contacted regarding the specific print.
- Names and email addresses will not be listed directly on the page. The Foundation will keep this information offline and will provide it upon inquiry within the framework of these guidelines.
- The selling price of available prints will not be posted on the page and the Foundation will not provide estimated value for any prints listed.
- The Foundation does not guarantee the condition or authenticity of any print for sale by a third party and will not provide any assistance with funds transfer or print shipment.
- If a print is no longer available, the seller agrees to notify the Foundation so that it may be removed from the Print Finder page.
- Potential buyers who asked for prints to be listed on the page in the “wanted” section agree to notify the Foundation if they are no longer in the market for the print so that it may be removed from the Print Finder page.
