

ARMY WAR COLLEGE FOUNDATION, INC.
122 Forbes Avenue, Carlisle, Pennsylvania 17013-5234

March 23, 2020

Dear Army War College Alumni and Friends,

These are unprecedented times as a result of the COVID-19 crisis. The entire Army War College community is impacted, but the Army War College Foundation continues to support the Army War College mission as well as our extensive alumni community. *'Service to Alumni'* is STILL what we do!

You can find a list of daily College updates on the Army War College website. Academic events are being conducted remotely to the degree possible. The same focus applies to our Foundation offices and online Gift Shop as we support limited operations until further notice.

We remain just an email or phone call away as we do our part to maintain social distancing and reduce exposure. We are filling online Gift Shop orders with minimal delays (not to exceed 48 hours in most cases). Your support is vital, now and always, as we continue to focus on our mission of supporting the U.S. Army War College and its graduates in the preparation of outstanding senior leaders.

Please do not hesitate to call on us if you have questions.

You can count on us here! I will post updates as the situation changes. Please take care of yourself and your family,
Ruth

All my best,

Ruth B. Collins
Colonel, U.S. Army, Retired
President and CEO

"Not to promote war, but to preserve peace..."
